

Unit 1 – Who We Are

- Children learn about the many things they can do and all the reasons they should feel good about themselves.

Discover

Play Together

Learn Our Names

Unit 2 – Making Friends

- Children learn how to make friends, be a good friend and about the fun things friends do together.

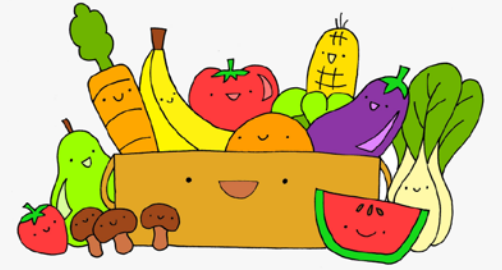

Unit 3 - Families

- Children learn what makes a family, what families do together and how family members help each other.

Unit 4 – Food

- Children learn about different kinds of food, where food comes from and how food changes when you cook it.

Unit 5 – Our Neighbourhood

- Children learn about the many people and places in their neighbourhood communities, from farms to cities.

Community Helpers

Fire Safety

Doctors

Unit 6 - Transportation

- Children learn about different ways to travel in the air, ground and through the water and how various vehicles are alike and different.

Role Play

Construction

Friendship

Unit 7 - Animals

- Children learn about taking care of pets, farm animals, animals in wild environments, and how animals grow and change.

Halloween

- The children learn about the theme of Halloween through a variety of lessons. This year, we focused on spiders and bats.

Christmas

- The children worked together to get into the Christmas spirit and decorate their classroom.

Phonics

- We focus on a letter a week, learning about it's name, sound and formation. We regularly review all letters.

Math

- We learn about numbers, shapes, patterns and counting through a variety of lessons, games and activities.

Patterns

Number Formation

Catching Numbers

Science and Sensory

- Children learn how things work through taught lessons, play and experimentation.

Thank You!
